<u>Kirklees Volunteer Coordinator</u>	Andy Goff
<u>Project End Date</u>	2023
<u>No of Volunteers involved</u>	2
<u>Anticipated Volunteers Hours</u>	2

Please detail the benefits as appropriate

<u>What benefit will the project bring to the park or green space?</u>	Removing the knotweed which is an invasive species allows native species to grow and encourages more wildlife to the area
---	---

<u>What, if any, benefit will the project bring in terms of addressing Climate Change</u>	Improving the site for native species. It will encourage the growth of native species in the area and enhance the absorption of carbon through native species of trees and shrubs which can be planted in place of the knotweed
--	---

<u>Please print your name and date on the understanding you are signing the form</u>	Mellisa Dean 20/3/23
